Kagel Canyon Cactus and Succulent Gardens

O. L. Ellenwood - Grower and Shipper

11790 KAGEL CANYON ROAD, SAN FERNANDO, CALIFORNIA
 (Successor to Wm. Cornelius and to F. W. Reeves)

STOCK AND SHIPPING

Minimum order, 100 plants, and not less than 10 of a kind, except for those listed as single specimens. Asterisk (*) indicates scarce items. We reserve the right to limit amount on these or any other plants when necessary. Orders treated in succession received. Not responsible for prior sale of any items listed. Sizes indicated are **minimum**, and are often much larger, unless requested differently. Generous count in all orders to compensate for any imperfect or unusable plants. Satisfaction guaranteed.

Plants shipped bare root by railway express. Some customers use air freight to good advantage. We pay cost of packing, but not of shipping. Not responsible for damage from handling while in transit, from extremes of hot or cold, or from delay in delivery.

ADVANCE ORDERING

Advance ordering enables you to have plants when you want them, or when they might otherwise be scarce. When we receive your order, we earmark certain flats in our nursery for your use, or begin new ones to meet, as far as possible, your requested date of delivery. We do not ship out stock that is not ready for use, or that will disappoint you with regard to size. A 20% deposit, which is credited to customer's account, must accompany all orders for future deliveries. **This applies to advance ordering only.** If for some reason we think we shall be unable to fill your order we will promptly refund this deposit. No shipping dates later than Sept. 1, 1949, at this time.

TERMS

2% discount on all orders accompanied by cash, or paid within 10 days of shipping. No credit for more than 30 days. New customers desiring this credit should furnish bank or other suitable reference.
